

AVIDEZ

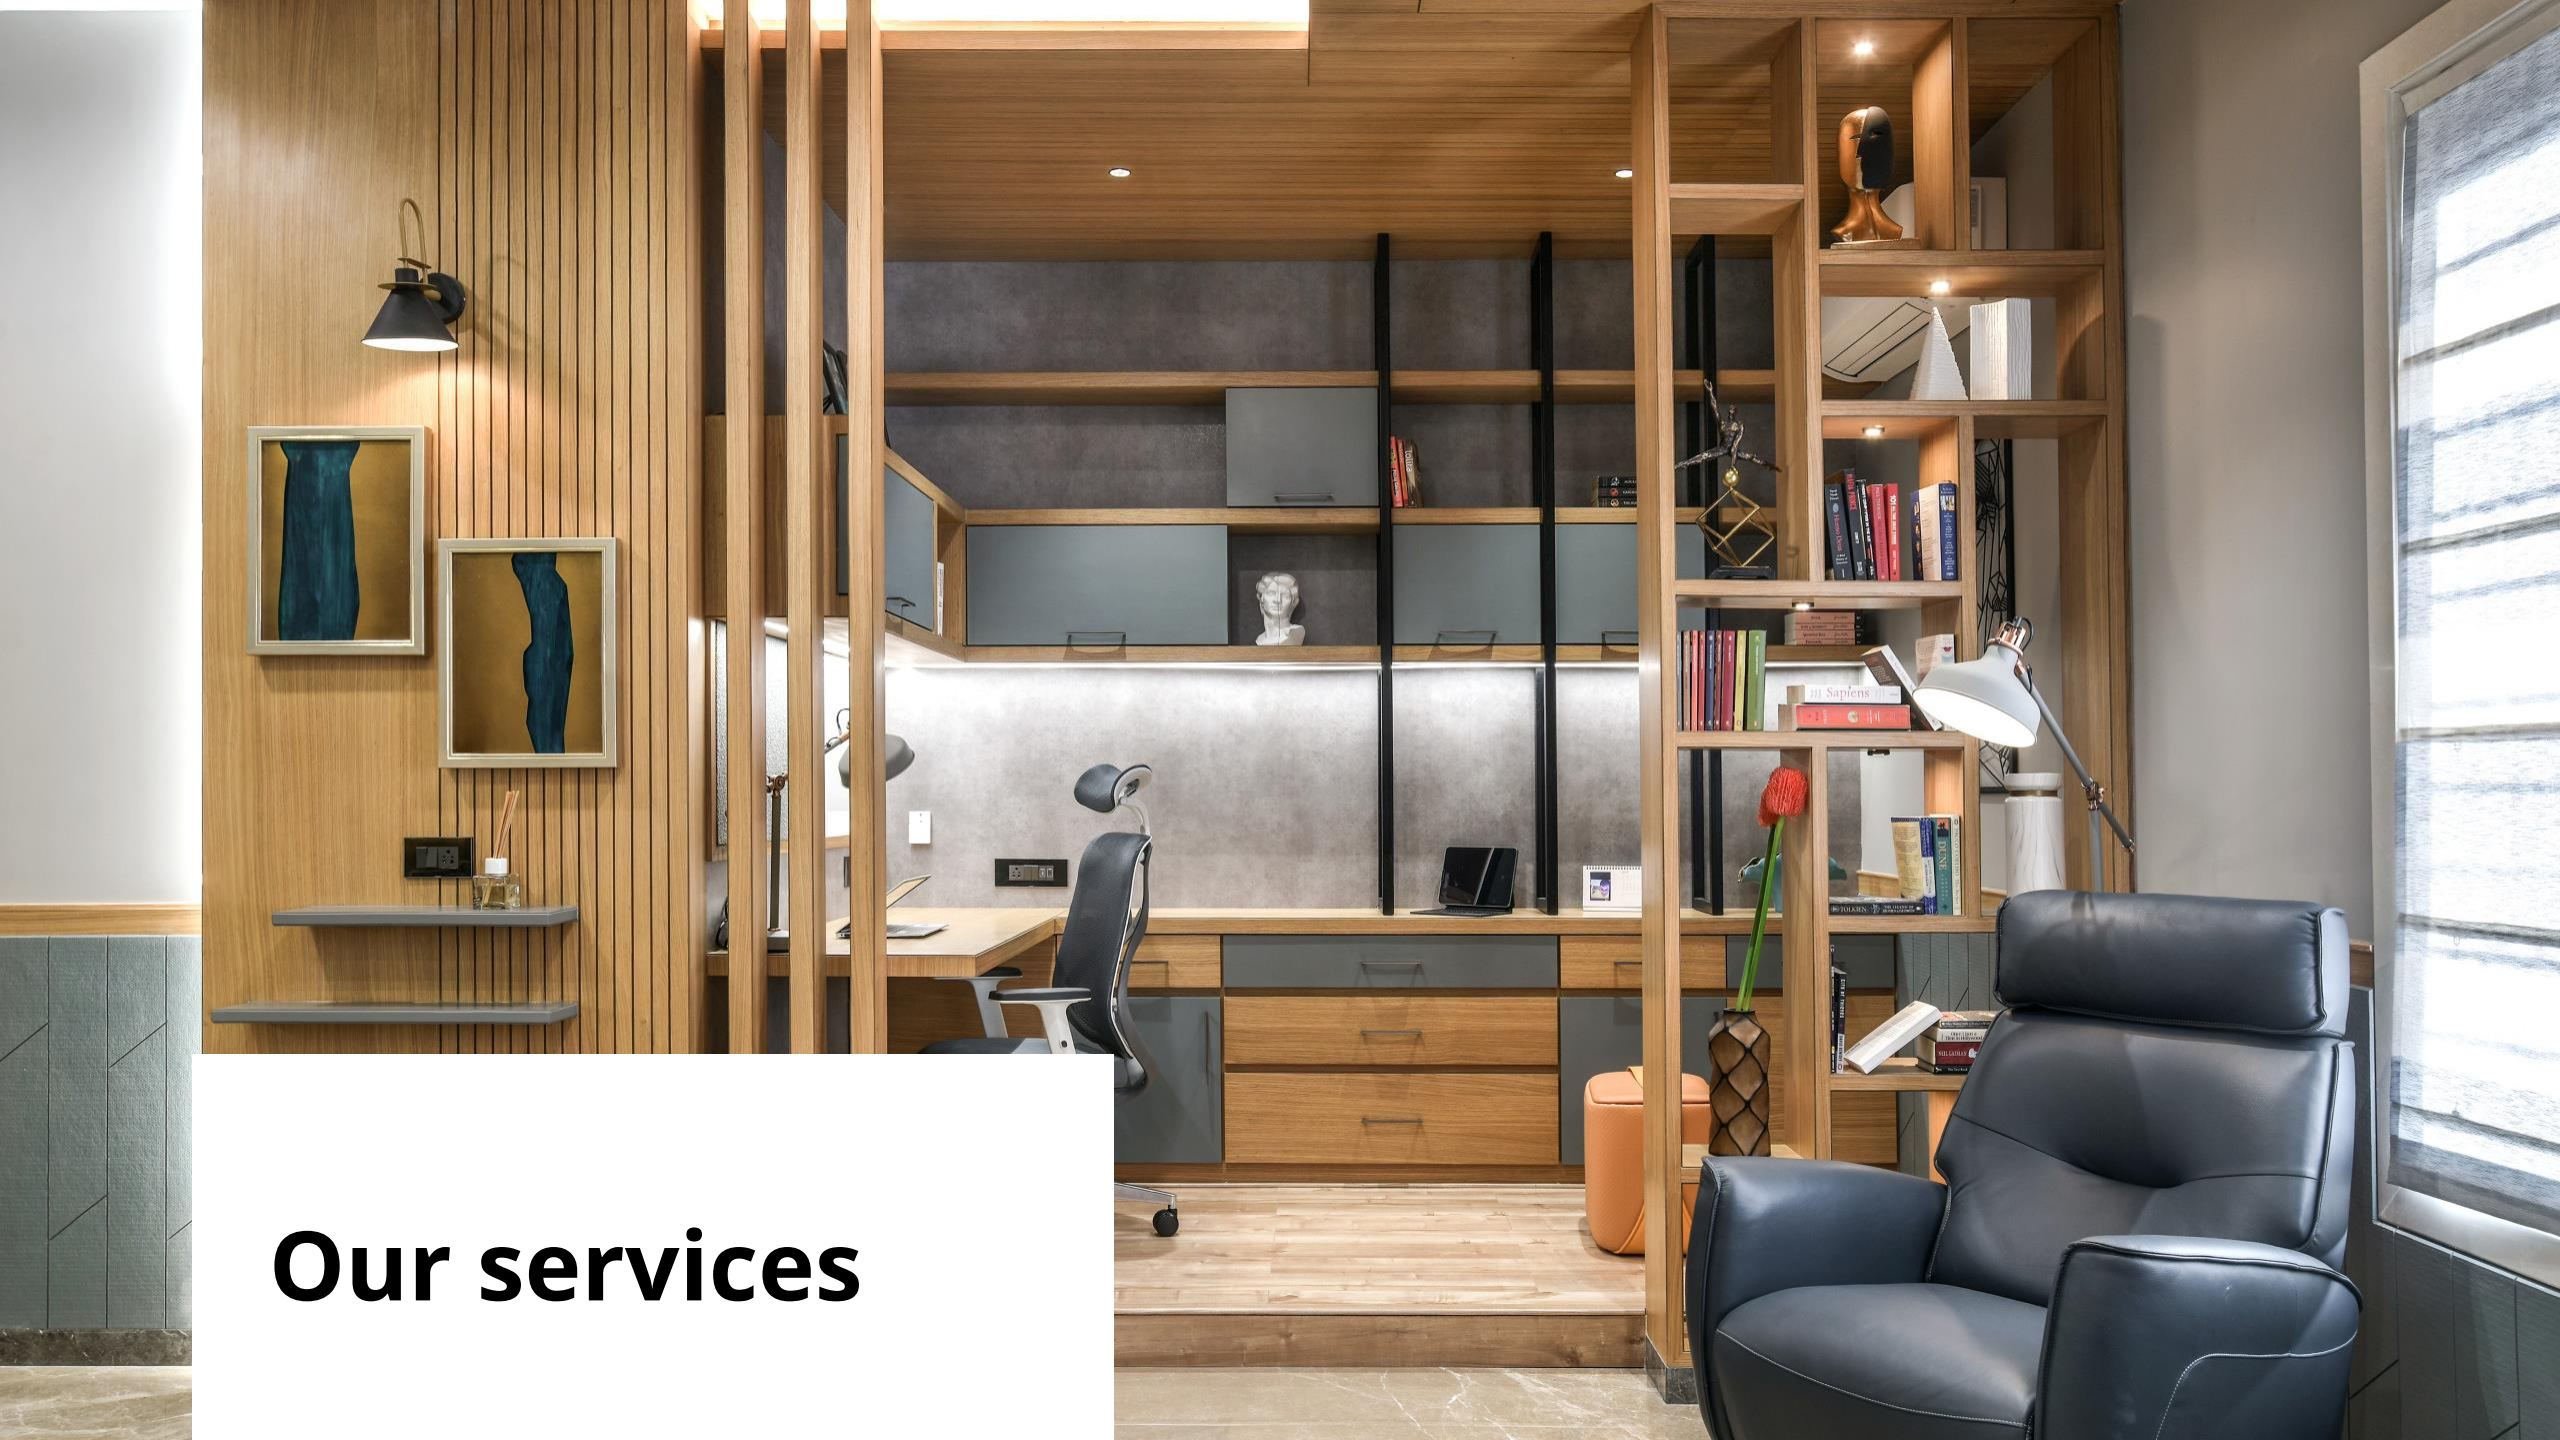

**A little bit
about us**

Avidez is a leading turnkey interior contracting firm dedicated to transforming spaces into stunning and functional environments.

With years of experience in the industry, we specialize in creating bespoke interior solutions tailored to our clients' needs.

Our team of skilled professionals is committed to excellence, ensuring every project is executed with precision and care

Our services

Services Offered

Commercial Interiors

- Boost productivity and impress clients with our innovative commercial interior designs
- We understand the importance of functionality and aesthetics in business spaces.

Custom Furniture

- Our skilled craftsmen create unique and durable custom furniture pieces that enhance the overall design of any space

Residential Interiors

- Elevate your home with our expert interior design and renovation services
- We specialize in creating cozy and stylish living spaces

Project Management

- We manage every aspect of the project, ensuring timely delivery and high-quality workmanship
- Our dedicated team oversees the entire process, from concept to completion.

Process Flow

CONCEPT DEVELOPMENT

Create initial design concepts

- Meet with the client to understand their requirements, preferences, and budget
- Gather information about the space, including measurements and existing structures
- Create initial design concepts, including layout, color schemes, and materials
- Refine and finalize the design based on client feedback

PLANNING & PROCUREMENT

Create blueprints & project plan, procure materials

- Develop detailed blueprints and technical drawings for construction and installation
- Create a project timeline and budget based on the approved design
- Source and procure all necessary materials, furniture, and accessories
- Inspect and quality-check all procured items before installation

CONSTRUCTION & QUALITY CHECK

Begin phase-wise installation, perform quality checks

- Begin construction work, including structural changes, electrical, plumbing, and HVAC systems if required
- Install flooring, walls, ceilings, and other structural elements
- Install fixtures, furnishings, and other elements according to the approved design
- Conduct regular quality checks and address any issues or defects promptly

CLIENT REVIEW & PROJECT HANDOVER

Address client concerns and handover the project to the client

- Provide a walkthrough of the project to the client and obtain final approval
- Prepare the space for client use and hand over all relevant documents, warranties, and manuals to the client
- Provide post-construction support and address any concerns during the initial period post project completion
- Gather feedback from the client about their experience with the project
